

ROOTRAKE

The curvature of GRYB's root rake product makes raking and handling easier. Whether it's for clearing agricultural or forest land, nothing can withstand it. The root rake is made of heavy-duty steel and is available in different sizes and configurations to maximize efficiency.

Choice of Spacing Between the Tines

ROOTRAKE

MODEL	CLASS	WEIGHT LBS	WIDTH INCH	DISTANCE BETWEEN TINES IN	NUMBER OF TINES
PEI120-60L6	120	1190	60	10-7/8	6
